May 10 - 1746 - Letter from John Ellis to  
Mr. Henry Mowbray in regard to Indian affairs  
in So. Car.

Sir,

I am desired by the King of the Catawbas  
& the whole Nation, to acquaint you with  
the following particulars, viz<sup>t</sup> - that you  
signifie to his Hon<sup>r</sup> the Gov<sup>r</sup> that they once more  
thank him for the kindly notice sent them by  
you of their enemies designs upon them, which  
in fact is really so, they being now encamped  
within 100 miles of the Town & have solicited  
the Cherokees to build a fort within their Town,  
so that they may the better carry on their  
projects, in order to subdue the whole Colony of  
So. Car & to utterly exterminate that small  
nation & to prevent the approaching danger, the  
Gov of S. Car is to meet with the heads of the  
Cherokee Nation at "96".

His Excellency has been so good (knowing  
our present needy condition) to help us with  
powder & ball, together with two pathwaracas,  
that we may be able to stand the shock of  
so formidable an enemy - and we desire  
that his Hon<sup>r</sup> the Gov of Va our very good  
friend, will also contribute to our

assistance with the like ammunition  
that we may be the better able to stand  
the hunt of Peter Chater & his 500 men  
and the other troops which he expects to  
assist him — we expected his Honor would  
have comply'd with our desires before  
this time, seeing our case is so dangerous  
& that there is no making a defence  
without something to defend with

I wish you well and am your humble servant
